

Wireless Combo

(Keyboard + Mouse w/ 2.4Ghz and Bluetooth)

The Goldtouch Wireless Combo upgrades the office combo experience with wireless freedom and flexible pairing options. The keyboard supports 2.4G and Bluetooth, and the mouse includes a 2.4G or Bluetooth switch plus a dedicated DPI button for quick pointer control. The 2.4G receiver is designed to connect both keyboard and mouse, reducing USB port clutter while keeping setup simple. It is a strong fit for hybrid workers who move between locations and want the same feel everywhere.

Keyboard Specifications

Model No.	KM-4660-DM
Type	2.4G+BT
Number of keys	104
Battery specification	AA*1
Dimensions	17.36*6.96*0.86 in
