

USB Office Combo

(Wired Keyboard + Mouse)

For workstations where reliability is non-negotiable, the KM-4660 wired combo delivers a straightforward plug-and-play experience. The full-size USB office keyboard provides familiar function shortcuts and clear indicator lights, while the included mouse covers daily navigation with a comfortable, no-surprises shape. This combo is a smart pick for IT rollouts, shared desks, and anyone who prefers a stable wired setup with zero charging to think about.
