

# Office Mouse

Goldtouch USB Wired Office Mouse KOV-M720 is designed for those who need an intuitive, reactive mouse that performs consistently every day. Its traditional layout, consisting of 3 buttons and a scroll wheel, and its wired USB connection, make it plug-and-play and reliable when used in an office setup. This is because it has a familiar design that is convenient when shared among different people. Its onboard sensor ensures smooth movement.

## Mouse Specifications

<b>Model No.</b>	KOV-M720
<b>Type</b>	Wired
<b>Number of keys</b>	3
<b>Resolution</b>	1000DPI
<b>Cable length</b>	1.5m PVC
